

FOR IMMEDIATE RELEASE

North American Coating Laboratories is a 2018 Weatherhead 100 Award Winner

Mentor, Ohio, October 5, 2018: North American Coating Laboratories, an international leader in optical thin-film coating services, has been named to the Weatherhead 100 list of fastest growing companies in northeast Ohio for 2018. The notification was received by Company President and Chief Executive Office Brian Wilson on Friday morning via Crain's Cleveland Business.

Hosted annually since 1988 by Case Western Reserve University and its Weatherhead School of Management, The Weatherhead 100 Award celebrates entrepreneurship in northeast Ohio. Each year, privately-owned businesses from 16 counties vie for recognition of their revenue growth over the past five years. North American Coating Laboratories and other winners will be honored at black-tie event on November 29th in Cleveland.

North American Coating Laboratories provides optical coatings for a variety of customers in the polymer and glass optics markets. Their experience in both dip and vacuum-applied processes make NACL one of the most respected organizations in the optical coatings field. Their coating competencies include Protective, Scratch-resistant, Reflective, Anti-reflective, Filter, Conductive, ITO, and Chemically Resistive coatings. North American Coating Laboratories is certified to ISO 9001 Quality Standards.
